FORM CRS

TFG Advisers is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

**What investment services and advice can you provide me?**

We offer the following investment advisory services to retail investors: **Wealth Management**

**Services; Asset Management Services; Financial Planning; Financial Life Planning and Consulting**

**Services.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure by clicking this link <https://adviserinfo.sec.gov/firm/brochure/288787>. Refer to Items 4, 7, 8, 13 and 16.

**Account Monitoring:** If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis.

**Investment Authority:** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

**Investment Offerings:** We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

**Account Minimums and Requirements:** In general, we require a minimum portfolio and/or household size of \$500,000 or minimum fee of \$1,875 per quarter for Wealth Management Services, which may be waived in our discretion.

***Key Questions to Ask Your Financial Professional***

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

**What fees will I pay?**

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A, Items 4, 5 and 6, by clicking this link <https://adviserinfo.sec.gov/firm/brochure/288787>.

- **Asset Based Fees** - Payable quarterly in advance based upon the market value of your account(s), on the last day of the previous quarter. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict;
- **Hourly Fees** - Payable monthly in arrears for ongoing services or upon completion of services rendered;
- Clients may also pay additional fees and/or expenses. Example of the most common fees and costs applicable to our clients are:
  - Tax preparation fees;
  - Custodian fees;
  - Account maintenance fees;
  - Fees related to mutual funds and exchange-traded funds;
  - Transaction charges when purchasing or selling securities; and
  - Other product-level fees associated with your investments.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

***Key Questions to Ask Your Financial Professional***

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- We provide tax preparation services in addition to advisory services as described above. Compensation earned by the firm for tax preparation services is separate and in addition to our advisory fees. This practice presents a conflict of interest because we have an incentive to recommend tax preparation services based on the compensation received rather than solely based on your needs.
- We do not make any money from our investment advisory services except as described above.

Refer to our Form ADV Part 2A, Items 10 and 12, by clicking this link <https://adviserinfo.sec.gov/firm/brochure/288787> to help you understand what conflicts exist.
